Dear prospective students,

The new academic year is just around the corner. For those of you who have not received the new offer letter (which states October 2022 intake), please let me know and email me your previous offer letter as well. For international students: Any visa issues, please liaise with Mr Sidek from IMCC at msidek@usm.my and CC me. Those who have received a conditional offer letter, please ensure that your expected results are ready during registration.

You can watch the introductory video of the MPharm program here https://youtu.be/UTvPx6ZB0tQ.

Registration of subjects

The subjects for 1st semester registrations can be found in the timetable. You will need to refer the course code (FCPXXX) and course type (Core) to choose the subjects. There are 6 subjects with a total of 16 credit units altogether to register this semester.

For international students: It is compulsory to register for **LKM111 (Malaysian Culture and Malay Language)** and it is a graduation requirement. It is a first-come-first-serve basis. So please take note of the dates which should be announced soon (will update you as well once I get the info).

Academic and research advisors

You should have received the list of academic advisors in the welcome package emailed to you. If you have not received it, please email me. I strongly advise you to contact them from now so that you have ample time to discuss on the possible topics and work on the proposal as you will have a proposal defence at the end of the orientation week - **14th October 2022.** This is to ensure that you have ample time to do corrections and send for ethics application afterwards.

Programme briefing

The briefing for MPharm Programme will be on the **10**th **October** from **9am-12 noon** with the coordinator and **3-4pm** with the academic staffs.

Looking forward to meeting you soon! Kind regards.
